PROFESSIONAL SUMMARY

A highly skilled **Software Engineer** with **3 years** of experience in **Full-Stack Development**. Passionate about building scalable solutions and optimizing performance. Proficient in **modern web technologies** including **HTML, CSS, Bootstrap, TailwindCSS, JavaScript, TypeScript, ReactJS, NextJS, NodeJS, NestJS, Rust, Golang**, and cloud-based solutions with **MongoDB and SQL**. Strong background in **Agile methodologies, CI/CD, and microservices architecture**. Seeking an opportunity to contribute to **innovative projects in local and international environments**.

TECHNICAL SKILLS

- **Languages:** HTML, CSS, JavaScript, TypeScript, Rust, Golang
- **Frameworks & Libraries:** ReactJS, NextJS, NestJS, Bootstrap, TailwindCSS, NodeJS
- **Databases:** MongoDB, SQL, Firebase
- **Cloud & DevOps:** Docker
- **Version Control:** Git, GitHub
- **Tools & IDEs:** WebStorm, VS Code

EXPERIENCE

Coding Instructor – SQI College of ICT *(October 2024 – Present)*

- Teach **HTML, CSS, JavaScript, ReactJS, and NodeJS** to students, ensuring hands-on learning experiences.
- Led students in **several live projects**, guiding them through **real-world application development**.

Backend Developer – RentDirect *(February 2024 – June 2024)*

- Implemented the **backend architecture** for **user authentication and authorization**.
- Developed a **real-time chat system** for users to communicate.
- Built a **secure apartment rental system**, allowing users to **connect directly with landlords**.
- Integrated **geolocation services** to display apartment locations on an interactive map.
- Utilized **NodeJS, NestJS, MongoDB, and WebSockets** to enhance platform efficiency.

Software Engineer – Medimeet *(January 2023 – September 2023)*

- Designed and developed the **admin panel, frontend, and backend** of the Medimeet platform.
- Built a **doctor appointment booking system** for **various specialists** (general physicians, neurologists, dentists, dermatologists, etc.).
- Developed an **admin dashboard** to track appointments, manage doctor lists, and oversee platform activities.
- Utilized **ReactJS, NodeJS, and MongoDB** to create a **scalable and user-friendly platform**.

EDUCATION

🎓 **BSc. Biology**, Obafemi Awolowo University *(2014 – 2018)*
🎓 **West African Certificate Examination (WASSCE)**, Toyosi Model College, Basorun, Ibadan *(2011 – 2013)*

CERTIFICATIONS & TRAINING

📜 **Full-Stack Web Development Certification** – SQI College of ICT *(2024)*
📜 **Meta Introduction to Front-End Development Certificate** – *(2022)*
📜 **Basic First-Aider Certificate** – Nigeria Red Cross Association *(2022)*\

ACHIEVEMENTS & AWARDS

🏆 **Awarded Best Software Engineering Student at SQI College of ICT**

COMPETENCES

✅ Passionate about **delivering high-quality work**.
✅ **Strong interpersonal and communication skills**, able to easily interact with fellow developers.
✅ Comfortable being the **'go-to' person** in a company.
✅ Committed to **projects from inception to completion**.
✅ **Confident, friendly, and approachable**.
✅ Strategically **thinking through all aspects of design and development**.
✅ Knowledgeable in **payment processing and FinTech application development**.
✅ Familiar with **international web standards and protocols**.
✅ **Quick learner**, adaptable to new technologies and techniques.
✅ Understanding of **W3C standards, web accessibility, and best practices**.
